Notice anything new about the Library at the Historical Society ?
We do, and you will too, if you come and see the newest addition to the physical plant of the Library -- six fluorescent lighting fixtures. These were added this summer, and we're not kidding when we say that they have given the Library a "whole new light."
Pictured at work in the Library, on Wednesday, August 3, 1983, are one of our emeritus volunteers, Roberta Hood, and a visitor, Susan Reynolds, Crum Lynne, Pa. Photograph by Donald W. Powell
